The Ultimate
Riding Machine

OVERVIEW.

The new C 650 GT redefines urban mobility as we know it. Climb on, start the engine and savour its powerful sound. Discover top-quality features such as ABS, ASC, optimised suspension and an electrically adjustable windshield, all designed to make every ride as smooth as possible. And don't miss Side View Assist – available for the first time ever on a scooter or motorcycle. It's an optional system that monitors blind spots during lane changes and works at speeds of up to 50 mph. For its size, the C 650 GT packs an impressive punch. Factor in a host of other smart additions, and even longer distances become a breeze. Because sometimes you just have to get away from it all.

[1] **DownTown jacket**

Just as sun follows rain, business meetings eventually give way to getting out on your bike. And this half-length, two-in-one parka-style jacket will help you make the perfect getaway. Thanks to the removable thermojacket, you can wear it comfortably over a jacket or suit, providing a high level of protection if you commute to work on your bike.

[2] **Summer trousers**

When temperatures are high, these summer trousers come into their own by keeping you luxuriously cool. But they're not just lightweight, good-looking and protective: it takes a moment to unzip the legs and turn them into shorts, removing the knee protectors in the process.

[3] **Urban boot**

Everything you need in a short-shaft motorcycling boot. A special hydrophobic treatment ensures the cowhide leather is both water-repellent and breathable. The boot is reinforced at the heels and toes, and features elastic material around the ankle for added comfort.

RIDER EQUIPMENT.

BMW MOTORRAD SERVICE.

BMW Motorrad Service

BMW's extensive service network ensures your bike gets the care it deserves. There are over 150 BMW Service Centres in Germany alone, and if you're off on your travels, you'll find them in over 100 countries around the world. Their quality of service is assured by comprehensive training and systems.

BMW Motorrad mobility services

We pride ourselves on the quality of aftersales care we provide. Like BMW Motorrad mobility services: free, round-the-clock breakdown assistance whether you bought your bike new or as an Approved Used Bike.

If you have a breakdown in this country or elsewhere in Europe, our experts will do everything they can to get you back on the road. If they can't fix the problem immediately, they'll get you to your destination by other means.

Ask your BMW Motorrad Centre for more information, or visit www.bmw-motorrad.co.uk

Datatag

BMW Motorrad has joined forces with Datatag, the country's leading provider of security marking solutions, to give BMW motorcycle owners an additional level of theft protection and peace of mind.

All BMW Motorcycles will be fitted with the Datatag's industry-leading system to deter theft, free of charge. Datatag's advanced system enables the identification of stolen motorcycles and parts, thereby assisting the police in prosecuting motorcycle thieves and making BMW motorcycles less attractive to criminals.

Real Rider

REALRIDER's life saving, route recording, benefit-filled Smartphone App, lets you track your rides, record your points of interest and keeps you safe when you ride alone. Using Smartphone technology, if a crash is detected, REALRIDER connects an injured rider directly to the NHS Ambulance Control Room.

Each new bike purchase also comes with a complimentary 12 months REALsafe subscription as part of the REALsafe premium App. This is the only accident detection system App to be fully integrated into the NHS and when activated will enable emergency services to locate riders quickly and accurately.
